COMPETITIVE TOURNAMENT SEASON

The objective of participating in tournaments and leagues is to give the players an opportunity to test and improve their volleyball skills in a structured, competitive environment. Playing time at tournaments/leagues is at the discretion of only the coach, who will make his decision based on the level of competition, the ability of the athlete, the player's practice attendance, and the positional needs of the team and the importance of the match. Playing time will not be discussed at any time. Please help us teach your children that the best way to increase court time is to work harder in practice, hustle, be enthusiastic and respectful always. Often, players who find themselves in this situation sulk, brood, and begin to exhibit a bad attitude and bad behavior will not under any circumstances will be reward or tolerated. If you find your daughter or son in this position, please talk to your coach before it becomes a big problem. It is important that players and parents acknowledge that on every team, some players are more skilled than others. Where players are close in skill level, a good attitude and work ethic can swing things to that player's favor. Each player is bound to the Club for the entire seasonal year for competitive teams and full year registrations, which runs from August 1st of 2022 to through July 31st of the following year, 2023. Ensure you plan your family agenda with this in mind as each player will be held accountable.
