

Refund Policy

By registering this season, parents are assuming the risk that the season may not be completed, and monies may not be refunded and/or credited.

Please carefully review this refund policy prior to registering. No exceptions will be made.

Full refunds will be given in the event PPO is unable to roster your child to a team, due to insufficient registrations allowing us to form a team in your child's division. Please note, this year teams may be co-ed.

If due to COVID-19 we are forced to cancel our entire season prior to your team's first practice, we will issue a full refund.

If your child's team starts to practice, but the season is subsequently cancelled due to COVID-19 with a season termination date **prior to January 9th of 2021**, we will issue a refund less \$50.

If your team begins practice, but the season is cancelled with a season termination date on or after January 9th of 2021, **NO REFUNDS OR CREDITS WILL BE GUARANTEED OR OWED BACK BY PPO OR ANY OTHER ENTITY.** However, at PPO's sole discretion, and depending on how early in the season activities may terminate, PPO may refund a portion of registration monies collected. If any refund is issued by PPO, it will be PROGRAM wide, and will affect all participants equally.

If your child, or the team your child is placed on, is placed on a COVID related quarantine period (often lasting up to 14 days), no refunds or credits will be issued (unless the entire season is cancelled as outlined above).

My completing this registration, I hereby affirm that I have read the forgoing refund policy and accept all terms as outlined above.
