**The Ball Sports Academy is following these enhance procedures to prevent the spread of COVIE-19:**

- Hand sanitation stations:
  - We have implemented new hand sanitizing stations that we will require players to use during each water break.
  
- Custodian/Cintas cleanings:
  - BSA/Team Pineapple have employed Cintas Cleaning services to come into our building weekly for a “deep cleaning” in order to adhere to all sanitary guidelines. This will be additional to our normal janitorial staff’s daily cleaning.
  
- Washing Balls:
  - BSA/Team Pineapple has partnered with LJ’s Medical World and purchased a cleaning chemical that assures cleanliness of each ball for 90 days. The Owner of LJ’s himself has applied this new product.
  
- High fives:
  - No handshakes/high fives will be permitted at this time.
  
- Communal Drinking Areas:
  - Fountains will NOT be used. All player hydration must come from bottled fluids that may be refilled at our filling station.

- Locker Rooms:
  - Locker rooms may only be used for bag storage and toilets. Showers will not be permitted.
  
- Capacity:
  - At this time we are not allowing spectators to enter the facility to make sure we stay below the maximum entrants allowed. We ask that student-athletes are dropped off only 15 min prior to trainings and picked up no later than 15 min after training. This will help us stay well below the recommended State's allowance.

Masks:

- BSA/Team Pineapple Staff are prepared to wear masks throughout all camps/training events.

We here at BSA/TP want a safe environment for our Pineapple Families!! We feel we have handled COVID-19 to the best of our ability. We will continue to put our student-athletes and patrons FIRST!!

We look forward to seeing you this week!!!
