

U.S. Fencing Division I Individual National Medalists by Year

For the individual events, the names of the top three placements are shown if known. For some of the early championships and some of the 3-weapon individual events, only the top two placements were determined.

For the location and dates, being shown is what has been found so far regarding the location and dates of the final, medal round of both the individual and team events and not of the qualifying or preliminary rounds. For some of the early championships, the events were held at different locations on different weekends spread over several months. When the events were not on consecutive days, the date and/or venue of an event is sometimes not known and so the list of the dates and venues of the competition may be incomplete.
