

# CYAA Corporate Sponsorship Program

Corporate Sponsors financially support the ministry of CYAA through your business, non-profit organization or church on a short or long-term basis.

## What do I receive as a result of being a Corporate Sponsor?

CYAA Corporate Sponsors banners are displayed at each and every CYAA event. Through the course of the year you will have the opportunity to reach over 1200 families with information about your organization or company. A corporate sponsor table is set up at each event so that sponsors can provide information about their businesses to the CYAA parents. Each week CYAA features a "Gold Corporate Sponsor of the week. Literature and brochures about the featured business or organization are distributed directly to the teams. The benefits of being a Corporate Sponsor are available for both non-profit organizations and commercial businesses.
