Can anyone register with Ref Centre?

No. To register, you must referee for, or be associated with an organization (district, league, club, etc.) that is a Ref Centre customer. If the organization you referee for is a Ref Centre customer, they will contact you and provide you with an activation code to register with.

If you would like your organization to consider using Ref Centre, direct them to our [contact](#) page for more information.

How do I get my activation code?

The organization that you referee for should have supplied it. If not, send us an [email](#) and we will send you the details, provided your name matches one supplied by your organization.

***OSA referees: for a list of district representatives to contact for your activation code, [click here](#).**

Why is my name missing after the activation page?

There are two possible causes for this. Please read the following to see which one applies to you:

- You may have already registered. Click on the 'forgot password' link. If Ref Centre recognizes your email address it will send you an email with your password. If this occurs, you are already registered with Ref Centre and simply need to log in. If the 'forgot password' feature tells you that it does not recognize your email address, you are not registered yet or have supplied a different email address.
- Your name was not supplied to Ref Centre by either your associated organization. Contact your club or district to find out if this is the case.

Do I have to register each time I use Ref Centre?

No. You only need to register once.

I registered last year; do I have to register again?

You only need to register once. Your account will carry over to other seasons as well.

Is my personal information protected?

Yes. We have security processes to ensure that the information is protected. For further information, view our [privacy policy](#).

What is your privacy policy regarding my personal information?

To view E2E Soccer's full privacy policy, [click here](#).

Do I need to re-register to update information I've entered?

No. You can change your preferences and details once you are logged in; just click on the 'My Section' menu button and open the appropriate form.
