

#### Ground Rules:

Balls striking a tree up the 1<sup>st</sup> or 3<sup>rd</sup> baseline are foul. They may be caught after striking a tree for a foul out. Does not apply to trees beyond the home run fence.

Balls overthrown into a crowd of people, high weeds, the creek and parking area or going over through or under the auxiliary orange fencing along the creek are considered out of play. This must be designated by a fielder raising his/her arms and calling it out. Runners are awarded 1 base. A fielder may play these balls at their own risk.

A ball hit to the fence may be tapped back into play and caught for an out. Catching a ball and going through or over the fence will result in a home run.
