

AUGUSTA

JUNIORS VOLLEYBALL CLUB

Dear Principal or School Administrator,

One of your students, _____, is a member of the 2025-2026 Augusta Juniors Volleyball Club Travel Team. AJVC is an elite travel volleyball club that draws exceptional players from all over the Greater Augusta and Surrounding areas, and is sanctioned by the Palmetto Region of USA Volleyball. This team plays at a competitive level and competes in tournaments around the Palmetto and Southern Regions. This student athlete will be traveling to compete in the _____ tournament and due to the start time and location for the event, many players will have to leave school early or be excused from school for the entire day to travel. These players are student-athletes dedicated to developing their skills to the highest level possible in relation to their sport.

On behalf of Augusta Juniors Volleyball Club, we are writing this letter to ask that the school administration allow excused absences on the following dates: _____ and be given an opportunity to do any assignments in advance or make up any missed assignments, class work, or tests. AJVC's mission is to ensure that all student athletes maintain exceptional grades while being part of the program. We hope all will agree that an opportunity to play on such a team, in itself, is an invaluable educational and life-enriching experience. Please feel free to contact me if you have any questions or concerns regarding our volleyball activities. Thank you and have a great day.

#WEARE

Thank You,

Brandon Isiah
