

Shakopee Youth Football Association

2023 SPONSORSHIP CAMPAIGN

Dear Community Member:

We are very excited about the upcoming 2023 football season for the Shakopee Youth Football Association (SYFA). We are a flag and tackle football program open to all kids in grades Kindergarten through 8th in Shakopee and the surrounding areas. We have approximately 400 kids playing on 22 teams at 8 levels. Through our program, volunteer coaches teach players about teamwork and sportsmanship while introducing and teaching the fundamentals of the exciting game of football.

In our tackle football program, the safety of all participants is directly related to the quality of the equipment that is used. In an ongoing effort to maintain the quality of our equipment, we recondition approximately 1/3 of our helmets each year. We also buy new helmets, shoulder pads and other gear. With the continued growth of our program comes the need to purchase even more equipment. We are asking for your support to help us in this effort and with other areas in our program such as training and insurance of the coaches, field maintenance, and referee costs. While all our coaches and Board members are volunteers, the program has expenses that are covered by player registration fees, fundraisers, and sponsors like you, so we need and appreciate your help.

We are asking for your donation this year to help offset some of the costs of our program so we can continue to offer a quality program at an affordable cost for everyone who wants to participate. Shakopee Youth Football is a registered non-profit corporation, and your donation is tax deductible for you and your business.

We plan to raise funds for SYFA by conducting a fundraiser and through donations from community members like you! If you have any questions about our football program or sponsorship, please feel free to contact our Fundraiser Coordinators, Brian Lee at 952.270.0145 brlee68@gmail.com or AJ Paramo at 952.666.8805 ajparamo@hotmail.com Thanks in Advance for all your support of our program.
