WITH HARD WORK & PASSION COMES SUCCESS!

Our program's focus is on player development, both on and off the ice, the importance of sportsmanship and team work, strong competition and giving each player the tools to become the best player, teammate & individual they can be all while having FUN & enjoying the game of hockey. Our management team and coaches bring a wealth of knowledge, years of hockey experience, and passion of the game to the program each and every day to create the best possible environment for young players to develop their skills and their hockey path; whether it be to play High School Hockey, Junior Hockey, College Hockey or the Adult League!

The commitment to play Travel Hockey is significant but very rewarding...

Team designations & coaching staff are subject to change. All team selections are based upon performance of all eligible players at the tryouts. Existing program players are given every consideration, but no guarantee of making any team regardless if they have played for that team the previous season. Parents should note that there is always a possibility that your child may not be selected for a team. We ask that you be mindful of this when preparing your child for the tryouts.
