[Edit Stat Settings](#)

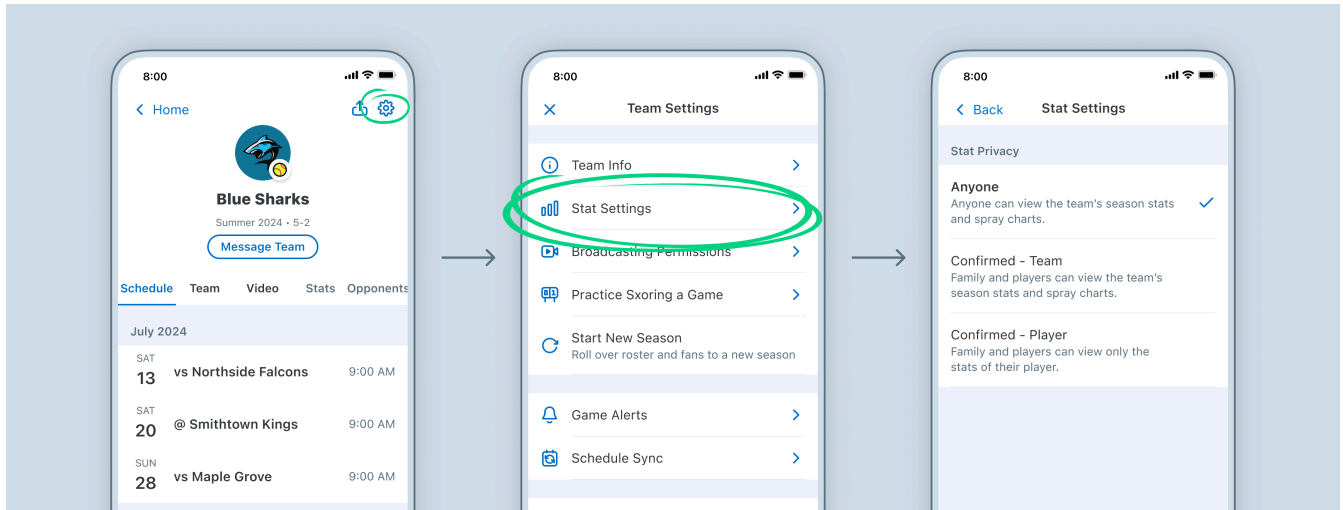

Team Staff has three different options for controlling Team Stats privacy, all of which require a Premium subscription for non-Staff Members:

- **Fan Access:** Anyone can view the team's season stats and spray charts
- **Confirmed - Team:** Confirmed family and players can view the team's season stats
- **Confirmed - Player:** Confirmed family and players can view only the stats of their player

Edit Stat Settings

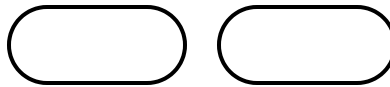

1. Tap on your team in the app.
2. Tap the Gear icon in the top right corner of the team page to access Team Settings.
3. Choose **Stat Settings** from the settings menu.
4. Select your desired privacy setting.

Please note that this will not prevent users from viewing your team's Box Scores. Box Scores cannot be hidden from GameChanger users.
