**Subject:** Player Recommendation Process for Talent on Location Days

The Ontario Soccer High Performance Program has released the player recommendation process for Technical Staff of District Member Clubs and Ontario Recognized Academies.

This is being done so that players within Ontario will have the opportunity to be recommended by a certified and qualified Club or Academy Head Coach or Technical Director.

Before beginning the process, it is highly recommended the coach, player and parent read and understand the information bulletin on the Recommendation Process: **I2017-028**.

The recommending coach can [select this link](#) to complete the required documentation for whom they wish to recommend:

### Player Recommendation Report

The recommending coach will then complete the Coach Information page and provide their NCCP and Ontario Soccer registration numbers to verify their coaching certification level and status. If no NCCP number (i.e. foreign license) is available please provide a scanned copy of the Coaching Certificate as outlined on the page.

The recommending coach will then be directed to watch ten minutes of Provincial Teams' game film.

The recommending coach should note the jersey number of the Ontario Provincial Player whom they believe their recommended player(s) is the equivalent of or better than. The coach will then download and complete the appropriate player evaluation form for each individual player being recommended. Once completed the document will need to be uploaded as prompted on the page.
