RACE DIRECTOR

Dear Athletes,

It is with great pleasure that I welcome you to the 2024 Memorial Hermann IRONMAN Texas, this year as the host of the North American Championship. The entire IRONMAN team and local committee has prepared tirelessly for your arrival. We're looking forward to a great weekend!

Memorial Hermann IRONMAN Texas North American Championship will showcase the region's signature features. During race weekend, take time to experience all that The Woodlands has to offer; from dining to shopping, I am sure this area will not disappoint. I would like to recognize and thank The Woodlands Township, Visit the Woodlands, Montgomery County, the Montgomery County Sheriff's Office, Harris County Precinct 4, and Harris County Sheriff's Office for their leadership and commitment to this event. We also express our thanks to the Harris County Toll Road Authority and the Harris County Commissioners Court for hosting most of the bike course - a course that has a 2-loop section on the Hardy Toll Road.

Producing an IRONMAN event requires a tremendous amount of local resources and The Woodlands has more than risen to the challenge. Please take a moment to thank everyone who has made this event successful, including the nearly 4,000 community volunteers. I look forward to seeing you at the finish line!

Best of luck! Greg Pennington Race Director - Memorial Hermann IRONMAN Texas, North American Championship

RACE DAY INFO

RACE TIMING AND CUT-OFFS

All athletes will have **17 hours** to complete the entire race once they cross the starting mat at swim start. Anyone who does not complete the event in **17 hours** will be designated as DID NOT FINISH (DNF) in the official results. Aid station stops, transitions, etc., will be included in your total elapsed time. Splits will be recorded for each segment of the race. The following cut-off times apply for each segment of the race:

SWIM CUT-OFF

The swim course will close **2 hours and 20 minutes** after the last athlete enters the water via the rolling start. Each athlete will have **2 hours and 20 minutes** to complete the 2.4-mile swim. Athletes who take longer than **2 hours and 20 minutes** to complete the swim will receive a DNF. IRONMAN officials reserve the right to pull athletes off the course who exceed any established course time cut-offs.

BIKE CUT-OFF

The bike course will close **10 hours and 30 minutes** after the last athlete enters the water. Each athlete will have **10 hours and 30 minutes** to complete the swim, T1 and the bike course regardless of when they start the swim. Athletes who take longer than **10 hours and 30 minutes** to complete the swim, T1 and the bike course will receive a DNF.

THERE ARE TWO INTERMEDIATE BIKE CUT-OFFS:

- Start of the second loop on Hardy Toll Road at 2:25 PM (Mile 63)
- South turn-around 2nd loop on Hardy Toll Road at 3:50 PM (Mile 83)

Any athlete who does not reach these locations by these times will not be permitted to continue. *The final bike course cut-off will be at the dismount line at 5:52 PM, 10 hours and 30 minutes after the last athlete enters the water.*

RUN CUT-OFF

The run course will close **17 hours** after the last athlete enters the water. Each athlete will have **17 hours** to complete the entire race. Athletes that take longer than **17 hours** to complete the entire race will receive a DNF.

THERE IS ONE INTERMEDIATE RUN CUT-OFF:

• 10:10 PM at Mile 17.

Any athlete who does not reach this location by this time will not be permitted to continue. *The final course cut-off will be at the finish line 17 hours after the last athlete enters the water.*

TRANSITION CUT-OFF

Transition areas from swim to bike, and bike to run, will close 10 minutes after the swim course cut-off and 10 minutes after bike course cut-off. IRONMAN officials reserve the right to pull athletes from the course who do not adhere to established cut-offs.

Based on permits for the roads on the course and the safety of athletes involved, cut-off times must be respected for all IRONMAN events.

IRONMAN reserves the right to remove an athlete from the course and DNF the athlete if our course staff determines there is no possibility of an athlete finishing the given discipline (swim, bike, run) before the posted cut-off times based on an athlete's location, time, and average speed up to that point.

WETSUIT OPTIONAL RACES

If the water temperature on race morning measures above 76.1 F/24.5 C but less than or equal to 83.8 F/28.8 C, the race will be wetsuit optional and athletes who choose to wear a wetsuit will not be eligible for Age Group awards, including IRONMAN World Championship slots or Rolldown slots. If the water temperature is in this range and you choose to wear a wetsuit, you will start after the non-wetsuit swimmers. Wetsuit athletes will have the full 2 hours and 20 minutes to complete the swim but will have to adhere to the Age-Group bike and run course cut offs and closures (in other words times will not be adjusted based on a later start time).

RACE FINISH, TIMING, AND RESULTS

Section 2.05

RACE DAY HEALTH INFO

Your safety is our primary concern. The medical team will be staffing medical facilities at the finish line. Medical resources will also be available while you are out on course. Medical will be at every aid station on the bike course and at every other aid station on the run course (#2, #4, #6 and #8).

If you are not feeling well on race morning, we strongly advise you not to start the event. If you decide to not start the event, you must inform a race official so we can officially withdraw you from the event. **If you start to feel unwell at any point during race day, we urge you to seek help rather than continue.**

DO NOT BE AFRAID TO ASK FOR HELP! You will not receive a penalty or be disqualified for receiving a medical evaluation.

If at any time during the race you experience chest pain or discomfort, shortness of breath, lightheadedness (dizziness), numbness around the mouth or in hands, difficulty concentrating, or stop sweating please stop immediately and seek medical attention. A medical evaluation does not constitute outside assistance. You will not receive a penalty or be disqualified for receiving a medical evaluation, or for having someone help you in getting medical assistance.

During the Swim: Raise and wave your hand, which will alert the water safety team that you need help. If able to, you can also verbalize you are in need of help by yelling "help." You can also grab onto a kayak, paddle board or nearby boat. You will not be disqualified for grabbing onto any of these safety items during the race.

During the Bike: If you are at an aid station, let someone know you are in need of medical help. If you are not at or near an aid station – STOP – let someone know you need medical help. Anyone can help - another athlete, a volunteer, a staff vehicle, event support vehicle or event moto out on course; even a spectator. Have them alert the nearest aid station or staff member that you need medical assistance. Make sure you provide your bib number to initiate your care.

During the Run: Same as the bike. If you are at an aid station, let someone know you are in need of medical help. If you are not at or near an aid station – STOP – let someone know you need medical help. Anyone can help - another athlete, a volunteer, a staff vehicle, event support vehicle or event moto out on course; even a spectator. Have them alert the nearest aid station or staff member that you need medical assistance. Make sure you provide your bib number to initiate your care.

Helping Another Athlete: If a fellow athlete needs help, please use the same steps listed above to get the athlete medical assistance. You will not be disqualified or receive a penalty for assisting a fellow athlete in medical need. On the bike and run course, make sure to provide the bib number of the athlete in need of help.

After you have finished the race, please do not leave the post-race area until you are able to drink without vomiting, stand without dizziness and feel okay. If you are not feeling well, please come to the event medical tent to be evaluated by the medical team before leaving the recovery area.

FOR THE IRONMAN WORLD CHAMPIONSHIPS

SLOT ALLOCATION/ROLLDOWN CEREMONY

Athletes may claim their slot only IN PERSON and only at the 2024 VinFast IRONMAN World Championship Slot Allocation/Rolldown Ceremony on Sunday, April 28 immediately following Awards. The Awards Ceremony Banquet will start at 11:30 AM in the Marriott Hotel. You must be present to accept a slot. Please be prepared to pay the entry fee with CREDIT CARD ONLY; no check or cash.

Qualifying slots for the 2024 VinFast IRONMAN World Championships will be awarded to the top age group finishers. For the most up to date information and qualifying slot numbers, please CLICK HERE.

HOW DOES AGE GROUP SLOT ALLOCATION WORK?

"Age Group" refers to a grouping of athlete peers based on their gender and age range. For example, 'Male 25-29' is one Age Group, and 'Female 25-29' is another. Your Age Group is determined by your age as of December 31 of the year of the event.

THE ALLOCATION PROCESS

BEFORE RACE DAY:

- o Each Age Group with registered athletes is tentatively allocated one slot each, an "Initially Allocated Slot".
- o All other slots available for the race (the "Proportionally Allocated Slots") are not allocated until race day.

ON RACE DAY:

- o If there are no starters in an Age Group, then that Age Group's Initially Allocated Slot is removed and pooled with the Proportionally Allocated Slots.
- The Proportionally Allocated Slots are then distributed among all Age Groups based on the number of starters in each Age Group. This allocation is based on the ratio of athletes in each Age Group within the gender. The more athletes in an Age Group, the more slot allocations it will receive

AFTER THE RACE:

o Before Rolldown:

If there are no finishers in an Age Group that had one or more starters, then the Initially Allocated Slot for that Age Group is reallocated, within the same gender, to the Age Group with the highest ratio of starters to slots.

o During Rolldown:

If any slot allocated to an Age Group is unclaimed (after Rolldown for that Age Group is completed), then that unclaimed slot is reallocated, within the same gender, to the Age Group with the highest ratio of starters to slots.

ATHLETE STATUS

Only Age Group Athletes are eligible to receive Age Group World Championship Qualifying Slots. Athletes holding current Professional or Elite status with any World Triathlon Member National Triathlon Governing Body, WTC's Pro Membership program, or having raced as an elite athlete in any international events during the calendar year, are not eligible for Age Group Slots. Athletes may not at the time of the event, nor at the time of the World Championship event they qualified for, hold Professional or Elite status.

Any change in an athlete's status prior to any event participation or a qualified World Championship event must be disclosed to WTC immediately. Failure of the athlete to make such disclosure will be cause for disqualification from such event and may result in sanction from WTC Events.

ANTI-DOPING POLICY

Each Age Group athlete who accepts a qualifying slot for the IRONMAN World Championship is subject to IRONMAN's Anti-Doping Rules and will be required to sign the World Championship Events Anti-Doping & Qualifying Slot Waiver for Age-Group Athletes. The waiver serves to provide additional notification of and consent to IRONMAN's Anti-Doping Program, which includes IRONMAN's efforts to combat, deter, and test for doping in accordance with IRONMAN's Anti-Doping Rules.

CLICK HERE to view an informational video regarding Anti-Doping Rules for Age Group athletes.

WITHDRAWAL POLICY

Withdrawal requests must be received in writing via e-mail to WORLDCHAMPIONSHIPKONA@IRONMAN.COM or WORLDCHAMPIONSHIPNICE@IRONMAN.COM. Without exception, all requests must be received 45 days prior to race day to be eligible for a partial refund of \$175 USD. No refunds will be issued for requests made after the 45 day deadline. Transfers or deferments are NOT permitted.

ROLLING SWIM START

Memorial Hermann IRONMAN Texas will feature a "Rolling Start". Athletes will self-seed into swim start corrals based on their estimated swim finish time. Each athlete will be allotted 2 hours and 20 minutes to complete the swim course. Self-seeding will be based on your individual abilities according to your expected finish time. You can avoid being overtaken by stronger swimmers by seeding yourself with athletes of a similar skill and ability levels. For more information on a rolling swim start, refer to this helpful VIDEO.

Athletes' official race time will start when they cross the timing mat. All athletes will have the traditional 17 hours to complete the entire event (subject to intermediate cut-off times throughout the event).

IRONAR SWIMSMART TOP 10 CHECKLIST

An open-water swim in a triathlon is substantially different from swimming in a pool. To alleviate stress, it's important that you arrive on race day healthy, fit and prepared. Here's a top-10 checklist to help get you ready.

PREPARE FOR RACE CONDITIONS

 Race day should not be your first open water swim. Make sure some of your training replicates real race conditions, including water temperature, proximity to other swimmers, orientation (includes water clarity, depth and distance perception), and wearing a wetsuit if needed.

2

RACE IN SHORTER EVENTS

- Proper training is the best way to reduce anxiety. It's also a good idea to race shorter distance triathlons or single-sport events (for example, an open water swim event), as well as join clinics and club activities to prepare yourself for open water conditions.
- For extra guidance, talk to a coach or your local triathlon club.

3

LEARN ABOUT COURSE DETAILS

- It's important to prepare yourself mentally as well as physically prior to race day. Thoroughly review the race website, event athlete guide and pre-race communication to familiarize yourself with the course.
- Keep in mind that every body of water is different—educate yourself on water currents and surf conditions, if applicable.
- Study the event schedule to plan for optimal arrival and preparation.

ENSURE HEART HEALTH

- As an athlete in training, you should take the proper steps to assess your health with your physician.
- The American Heart Association and European Society of Cardiology offer suggestions for cardiac screening of competitive athletes. These include a physical exam as well as an assessment of your family history, personal heart health and may include a recommendation of additional diagnostic studies. Wherever you live, we recommend you consult with your physician before you race.

5 PAY ATTENTION TO WARNING SIGNS

 While training, if you experience chest pain or discomfort, shortness of breath, light-headedness (dizziness) or blacking out, or have any other medical concerns or symptoms, consult your doctor immediately.

DON'T USE NEW GEAR ON RACE DAY

- Focus on controlling as many factors as you can on race day.
- You should never race in equipment you haven't trained in this is not the time to test new gear.
- Make sure your wetsuit fits properly and that your goggles, swim cap and other accessories work properly.
- Prepare for the unexpected with backups of all your gear.

WARM UP ON RACE DAY

- Arrive early enough on race day for an adequate warm-up prior to the start, preferably in the water.
- If you aren't able to warm up in the water, spend between 5 and 10 minutes loosening up your muscles with arm swings and other gentle movements. A light jog or brisk walk can also help increase circulation and prepare your body to race.

CHECK OUT THE COURSE

- Get comfortable with the course by checking out water conditions, the swim entry and exit layouts, as well as turn buoy colors and locations.
- Take part in the official practice swim if one is offered. This
 provides you an opportunity to get oriented with the swim
 course.
- Identify navigation landmarks such as buildings or landscape features to use for sighting in every direction you'll be swimming.

START EASY – RELAX AND BREATHE

- Follow the race day instructions regarding the swim start format that have been provided in the event athlete guide.
- For events with a rolling swim start, don't overestimate your ability. Please line up in the appropriate position based on instructions provided in the event athlete guide.
- Don't race at maximum effort from the start ease into your swim.
- Relax and focus on your breathing as you settle into a sustainable pace.

BE ALERT AND ASK FOR HELP

- In a race setting always stop at the first sign of a medical problem.
- The IRONMAN Competition Rules allow for competitors to stop or rest at any time during the swim.
- If you or a fellow athlete needs help, raise your hand to alert a lifeguard or safety boat.
- Feel free to hold on to a static object like a raft, buoy, or dock. As long as you don't use it to move forward, you won't face disqualification.

1. POSITION RULES

- Absolutely NO DRAFTING of another bike or any other vehicle is allowed.
- The bicycle draft zone is 12 meters long, measured from the leading edge of the front wheel and extending towards the back of the bike (6 bike lengths of clear space between bikes). Athletes must keep this space between bikes clear except when passing. Failure to do so will result in a drafting violation.
- A pass occurs when the overtaking athlete's front wheel passes the leading edge of the athlete being overtaken.
- Overtaking athletes may pass on the left for up to 25 seconds, but must move back to the right side of the road, after passing. Failure to complete a pass within 25 seconds will result in a drafting violation. Athletes may not back out of the draft zone once it is entered (drafting violation).
- Overtaken athletes must immediately fall back six bike lengths before attempting to regain the lead from a front running bike. Immediately re-passing prior to falling back six bike lengths will result in an overtaken violation.
- Overtaken athletes who remain in the draft zone for more than 25 seconds, or who do not make constant rear progress out of the drafting zone, will be given a drafting violation.
- Athletes must ride single file on the far right side of the road except when passing another rider, or for reasons of safety. Sideby-side riding is not allowed and will result in a position violation.
- Athletes who impede the forward progress of other athletes will be given a blocking violation.
- Athletes committing rule violations will be notified "on the spot" by a race referee.
- Do not attempt to discuss the penalty with the Race Referee.

THE RACE REFEREE WILL:

- i. Call out your race number and notify you that you have received either a BLUE CARD for drafting or intentional littering, or a YELLOW CARD for any other penalty. The race referee will show you the corresponding colored card.
- ii. Instruct you to report to the next penalty tent (PT) on the course. There will be at least two PTs on the course.

THE EXACT LOCATION OF THE PTS WILL BE STATED AT THE PRE-RACE MEETING.

THE ATHLETE WILL:

- i. Report to the next PT and tell the PT Official whether you were shown a BLUE CARD or a YELLOW CARD. If you fail to report to the next PT, you will be disqualified.
- ii. Have race numbers marked by the PT Official with a "/".
- iii. Register, via the sign-in sheet.
- iv. Resume the race after serving a 1-minute time penalty for all non-drafting violations (YELLOW CARD).
- v. Remain in the PT for the time indicated in the table below, for each drafting and intentional littering violation (BLUE CARD).
- vi. Be disqualified if you receive three BLUE CARD penalties. An athlete may finish the race if he or she has been issued a red card disqualification, unless otherwise instructed by the Race Referee.
- vii. Be disqualified for not reporting to the PT.

- 5. The sole responsibility of knowing and following the prescribed cycling course rests with each athlete. No adjustments in times or results shall be made for athletes who fail to follow the proper course for any reason whatsoever.
- 6. Athletes must obey all traffic laws while on the cycling course unless otherwise specifically directed by an official, race monitor or designee with actual authority. Failure to do so may result in disqualification.
- 7. No athlete shall endanger himself or another athlete. Athletes who intentionally present a danger to any athlete or who, in the judgment of the Head Referee, appear to present a danger to any athlete may be disqualified.
- 8. Helmets, bike shoes, and other cycling gear can be placed around the athlete's bike in transition. Shoes and shirt must be worn at all times.
- 9. Cameras, phone cameras, and video cameras are prohibited unless permission is given by IRONMAN. - 18. Helmet mirrors or mirrors attached to the bike or body are prohibited unless needed for a verifiable medical reason. Athletes granted permission to use a mirror will be ineligible for awards or World Championship entry slots. Athletes using a mirror without permission will be disqualified.

A "distractive manner" includes but is not limited to making and receiving phone calls, sending and receiving text messages, playing music, using social media, taking photographs, and mounting the device to a bike for purposes of using the device like a bike computer. Using a communication device in a distractive manner during the Race will result in disqualification.
- 20. Cycling with a bare torso is prohibited. Athletes must wear a shirt, jersey, or sport top/sports bra at all times during the cycling segment of the race. Uniforms with a front zipper may be unzipped to any length, provided, the zipper is connected at the bottom of the uniform at all times and the top of the uniform covers the shoulders.

BIKE TO RUN TRANSITION

After the bike, dismount and rack your bike. You may leave your shoes and bike gear by your bike. You will then head out onto the run course.

ON COURSE BIKE TECHNICAL SUPPORT

Roving tech vehicles from our partners at PlayTri are present on the course, but do not expect them to be immediately available. They do their best, but it is difficult to service everyone. You are expected to be self-sufficient regarding basic mechanical problems. These roving tech vehicles are servicing all athletes, so if they are dispatched to your location and come across another athlete who needs assistance while in route, they will stop and help the other athletes on their way.

RONTAN CYCLESMART

Completing in a triathlon event requires training on a bike. To be fully prepared, it's important that you arrive on event day healthy, fit and equipped with the proper gear. Fitness can be built indoors, but competing with a group requires the ability to ride safely and competently outdoors. Read on for an essential checklist to get you ready for any two-wheeled challenge.

BEFORE YOU RIDE

1 IT STARTS WITH YOUR BIKE

- Your seat and handlebars should be adjusted to the appropriate height and reach for you. Work with a fitter to find your optimal bike fit.
- Ensure all bolts are tightened properly to avoid coming loose during the ride, and that your brakes and gears are working properly.
- Keep your bike clean and your chain lubed.
- Use front and rear lights when riding in low light conditions this may be required by law in your area.
- Tires should be inflated to the recommended pressure.

2 LEARN THE BASICS

- Practice clipping in and out of your pedals, as well as starting, stopping, and emergency braking.
- If you're unfamiliar with shifting gears, practice doing this in a low-traffic area.
- Practice riding a straight line, and cornering (right, left, U-turns).

3 SUIT UP

- Always wear an approved helmet in training and racing. Helmets should fit properly without moving around on your head while riding, and remain buckled at all times during your ride.
- Wear clothing that is designed to function in the weather you will encounter on the ride, and that will help maintain your core body temperature when riding in cold or wet conditions, even during a race.
- · Choose clothing that is visible in low-light conditions.

4 BE PREPARED TO RIDE

- Carry the appropriate amount of water and nutrition, along with a way to purchase additional supplies if needed.
- Know how to use a tire repair kit and appropriate tools, and be sure to carry them with you.

5 PLAN AHEAD

- Select a route that limits the number interactions with vehicles – if possible factor in time of day and day of the week.
- Always obey all traffic signals and signs.
- Where available, ride in dedicated bike lanes and where other bikes are normally present to ensure vehicles are aware of you.
- Select a ride distance appropriate to your fitness.

6 INFORM OTHERS

- In the event of an incident, someone should know where you are riding.
- Always carry personal identification with you and emergency contact information.
- Carry a cell phone for emergencies.

DURING THE RIDE

7 STAY ALERT

- Leave the playlists and podcasts for indoor workouts.
- Don't use your phone while riding pull off the road if you need to make a call or send a text.
- · Don't take photos and selfies while riding.
- Keep your head up, particularly when riding in a group. Look at the road and the riders around you, not your bike computer.
- Be able to see and hear what is going on around you. When riding in the aerobars, do not look down at the road, look ahead.
- When riding in a group, do not get fixated on the rider directly in front of you. Look through so you can anticipate any issues before they happen, and have an exit strategy.
- Be easy on the brakes when riding in a group. Ride smoothly, do not overlap wheels.
- Pay particular attention when approaching aid stations during a race. Do not ride though aid stations in the aerobars.

8 OBEY THE LAW

- Always stop at stop signs and lights—remember, cyclists have the same responsibilities as vehicles.
- Know the traffic laws for your area, especially those regarding riding two abreast or single file.
- Know where the vehicles are around you and anticipate that drivers may not see cyclists.
- When passing a parked car or another cyclist, make sure there is enough space to avoid contact.

9 COMMUNICATE

- Use verbal and hand signals so others know if you are stopping or turning.
- · Make eye contact with drivers and other cyclists.
- While riding, let other athletes know you are passing through verbal communication. Watch for hazards in the road including potholes, debris, or water bottles. Point out and verbally communicate these hazards to those riding and racing with you.
- Visually and verbally communicate with the specific volunteer in the aid station you will be taking aid from, letting them know you are taking aid directly from them.

10 SAFETY FIRST

- Ride as far to the side of the road as safely possible. Some situations do require that you safely position yourself on the road so that traffic is unable to pass. This might be when making a turn or when not safe for vehicles to pass.
- If riding with other people, make sure you are riding single file or allowing traffic to pass from behind you.
- When riding in a group, avoid riding in the aerobars unless you are riding in front. Your hands should always be able to get to the brakes quickly.
- Taking unnecessary risks might gain you a couple of seconds during your ride, but it could risk you losing your life. Always ride smart.

RUN COURSE RULES

1. Athletes may run, walk, or crawl.

- 2. Athletes must wear their IRONMAN issued bib number in front of them clearly visible at all times on the course. Bib numbers identify the official athletes in the race. Folding, cutting the bib number, intentional alteration of any kind, or failure to wear race number is STRICTLY PROHIBITED and may result in disqualification.
- 3. Headphones or headsets which are inserted to or covering the ears are not allowed during any portion of the event. Bone-conducting headphones are also prohibited.
- 4. Cameras, phone cameras, and video cameras are prohibited unless permission is given by IRONMAN. If permission is given by IRONMAN, it is the athlete's responsibility to notify the Head Referee prior to race start. Athletes seen with a camera, phone camera, or video camera without permission will be disqualified.
- 5. NO INDIVIDUAL SUPPORT VEHICLES OR NON-ATHLETE ESCORT RUNNERS ARE ALLOWED. This is an individual endurance event. Teamwork as a result of outside assistance, which provides an advantage over single competitors, is not allowed. Individual support vehicles or non-athlete escort runners will result in disqualification. A non-athlete escort runner includes athletes who have withdrawn from the race, have been disqualified or have finished the race. Supporters of any type may NOT bike, drive, or run alongside the athlete, may not pass food or other items to athlete and should stay completely clear of all athletes to avoid the disqualification of the athlete. It is incumbent upon each athlete to immediately reject any attempt to assist, follow, or escort. It IS permissible for an athlete who is still competing to run with other athletes who are still competing.
- 6. Athletes are expected to follow the directions and instructions of all race referees and public authorities.
- 7. The sole responsibility of knowing and following the prescribed running course rests with each athlete. No adjustments in times or results shall be made for athletes who fail to follow the proper course for any reason whatsoever.
- 8. Running with a bare torso is prohibited. Athletes must wear a shirt, jersey, or sport top/sports bra at all times during the run segment of the race. Uniforms with a front zipper may be unzipped to any length, provided the zipper is connected at the bottom of the uniform at all times and the top of the uniform covers the shoulders. The uniform should be fully zipped when crossing the finish line.
- 9. Do not litter. Any item that needs to be discarded, including but not limited to water bottles, gel wrappers, energy bar wrappers, or clothing items, may only be discarded at aid stations or other designated trash-disposal points. Intentionally discarding outside of the aid stations or other designated trash-disposal points will result in a blue card (5 minute time penalty).

FINISH LINE POLICY

Friends and/or family members are not permitted to cross the finish line or enter the finish chute with participating athletes. This policy will allow each competitor adequate time to celebrate their accomplishment without interfering with other finishers and ensure the safety of all athletes, volunteers and fans. Athletes who choose not to respect the policy will receive an automatic disqualification (DSQ).

* A bold statement from the brand that wants to sell you the product, sure. But getting used to nutrition is one thing many athletes don't prioritize in training. Some even risk it all by trying new products on race day. So, use whatever you've trained with or get used to what you're getting on-course. In this case the GEL 100 and GEL 100 CAF 100.

VIOLATIONS

BLUE CARD

Five-minute time penalty served in a penalty tent on the bike course.

LITTERING VIOLATION

BLUE CARD

Five-minute time penalty served in a penalty tent on the bike course.

BLOCKING VIOLATION

YELLOW CARD

One-minute time penalty served at the next penalty tent.

DISQUALIFICATION (DSQ)

RED CARD

THREE BLUE CARD VIOLATIONS WILL RESULT IN RACE DISQUALIFICATION. IRONMAN will operate under the "three strikes and you're out" principle with respect to BLUE CARD violations. DRAFTING AND INTENTIONAL LITTERING are the only two violations that will result in a BLUE CARD violation and an athlete will incur a five-minute time penalty (to be served in the closest penalty tent, located along the bike course). YELLOW CARD violations (**one-minute time penalty**) also require an athlete to stop at the closest penalty tent location along the bike course. Any penalties incurred on the run course are to be served at the point of infraction. While YELLOW CARD violations will not count against your three strikes, IRONMAN Competition Rules still allow an athlete to be disqualified for repeated rule violations should an athlete receive excessive yellow card violations.

So that you understand the rules on race day, please take the time to read and understand the rules in the Athlete Guide and the 2024 IRONMAN Competition Rules.

The POSITION violations are summarized:

Always ride on the right side of your lane to avoid an ILLEGAL POSITION or BLOCKING call.

Keep six bike lengths of clear space between your bike's front wheel and the rear wheel of the cyclist in front of you to avoid a DRAFTING call.

Always pass on the left of the cyclist in front of you; Never on the right to avoid an ILLEGAL PASS call. Complete your pass within 25 seconds to avoid a DRAFTING call.

Passed athletes must be seen making immediate and constant rear progress out of the drafting zone to avoid a DRAFTING call.

Do not use any device that will distract you from paying full attention to your surroundings. Using a device in a distracting manner will result in disqualification.

Triathlon is an individual event, and it is your responsibility to fully understand the rules and avoid penalties. The referee's ruling is final in the case of POSITION violations, and there are no protests or appeals. Other common violations include:

HELM

HELMET CHINSTRAP

Your chinstrap must be securely fastened when you are on your bike on race day.

RACE NUMBER

You must wear your bib number during the run portion of the race. In addition, your bike frame sticker must be properly attached to your bike frame and must be visible from both sides.

LITTERING

Do not throw ANYTHING outside of an aid station or designated trash-disposal point. Intentional littering will result in a BLUE CARD violation, which is a five minute time penalty.

UNAUTHORIZED EQUIPMENT

Sorry, absolutely NO communication devices or other audio devices (yes, that means NO cell phones) may be used during competition.

OUTSIDE ASSISTANCE

Non-racers may NOT ride or run alongside you.

TIME PENALTIES

Remember that even though DRAFTING and INTENTIONAL LITTERING are the only violations that incur a five minute time penalty, you must go to a penalty tent for any violation to have your number marked. There will be no penalty tents on the run. If you are penalized on the run, the official will enforce the appropriate time penalty on the spot.

Please treat other athletes, all volunteers, and your referees with courtesy and consideration. Not doing so is UNSPORTSMANLIKE CONDUCT and may result in disqualification.

MEDICAL POLICY

The athlete excess medical coverage protects each athlete for the day of the event at USATsanctioned races, camps and clinics. When athletes purchase a USAT annual license or one-day permit, a portion of those fees cover the cost to provide them with excess medical insurance. This coverage only extends to their participation in a USA Triathlon sanctioned event and is only available after the injured party has filed with any primary insurance policies. A deductible does apply for this excess coverage.

If an athlete is injured while participating in a USA Triathlon sanctioned event the following steps must be followed:

- Athletes must file with their primary healthcare provider (i.e. United Healthcare, Blue Cross Blue Shield, Aetna, traveler's insurance, etc.).
- Athlete completes a medical claim form.
- For serious incidents or for athletes requesting coverage, the Race Director can provide them with a medical claim form. The medical claim form, along with all explanation of benefit documents, should be sent directly from the athlete to the insurance company as indicated on the claim form.

For a copy of the claim form, please e-mail SANCTION@USATRIATHLON.ORG.

 Athletes will pay a deductible. All claimants will pay anywhere from \$250 USD (twohundred and fifty U.S. dollars) to \$1,000 USD (one thousand U.S. dollars) out of pocket and possibly more for uncovered expenses.

Be advised that coverage may not apply to each and every claim. Additionally, coverage only extends to Athletes that have purchased a USA Triathlon annual license or one-day permit and were injured through participation in a USA Triathlon sanctioned event. Please e-mail questions to SANCTION@USATRIATHLON.COM. All medical expenses incurred are the sole responsibility of the athlete and not IRONMAN. USAT provides secondary coverage in qualified circumstances. Failure to meet financial responsibility to local medical facilities will result in suspension of future participation at IRONMAN events until accounts are settled.

Particular dangers include dehydration, hyponatremia, sunburn, exhaustion and injuries sustained from accidents. Please ask for medical help if you have the slightest hint you may need it. You will not be penalized for receiving a medical evaluation. You will be withdrawn from the race only if you require transportation, IV fluids or if medical personnel feel your continued participation could result in serious harm or death.

During events of extreme endurance, the body's pain threshold is raised, and you may be in more trouble than you realize. The medical personnel will do all they can to keep you in the race and assure a safe finish. Also, please be attentive when taking water and sponges from volunteers when you're on your bike to avoid the possibility of accident or injury to yourself or another.

Please trim your fingernails and toenails prior to the start of the race to avoid injury to other athletes. Be especially careful to rinse your goggles of any excess defogger solutions to avoid eye irritation.

If you spend three months prior to the event in a different climate, we suggest you consider an acclimation period before the race. The chance of dehydration and electrolyte imbalance can be reduced significantly by a proper period of acclimation.

Stay with your familiar and proven routine regarding training, nutrition and equipment, especially just prior to the race. This also applies to pre-race dietary intake and medications. It is recommended you avoid an extreme elimination diet. Adequate salt intake during training and during the event is especially important. If you are taking any medications, or have any medical problem that may influence your performance or your treatment in the event of an injury, advise us of all necessary details well in advance of race day.

At Athlete Check-In, you are required to notify the medical team, in writing, if there is any change in your medical status/condition after your application has been processed. Failure to do so will result in suspension of participation in future IRONMAN events.

You are solely responsible for avoiding medications that appear on the list of banned substances as determined from WADA.

Feedback from previous IRONMAN and IRONMAN 70.3 athletes indicates we can never over emphasize the importance of hydrating prior to and during the event. IRONMAN's Chief Physician recommends you begin hydrating heavily several days before the race and drink enough water so your urine is clear, colorless and copious by race day.

PLEASE NOTE

Full disclosure of medical condition(s), general health and surgical procedures within the previous 12 months is required. Medical consultation/clearance may be necessary from an attending physician prior to participating in the event.

In all cases, the final decision of medical consideration is at the discretion of the IRONMAN Medical Director.
