CAHA and USA Hockey rules apply to non-league games in addition to League suspensions. This covers game misconduct, gross misconduct, and match penalties. The Conduct Committee shall determine the appropriate penalty or additional penalty to be placed upon the individual subject to the hearing. All Member associations shall be required to comply with the CAHA rules pertaining discipline.
8. **Confirmation / Make-Ups.**
Failure to appear as scheduled may result in forfeiture. Failure to appear as scheduled because of adverse traffic and/or weather conditions necessitates that the game be rescheduled within fourteen (14) days and played prior to the end of the League season. Any and all rescheduled games must be approved with the Division Director before games are rescheduled.

9. Refusal to Compete.

Refusal to compete in any game as directed by the Division Director or Conduct Committee is considered to be immediate resignation from the League. Said team will be dropped from all subsequent League activities, functions, schedules, and standings. No games will be forfeited in the event there is not adequate time to complete the game. The game may however be directed to be rescheduled if adequate time was not available to complete the game in a competitive environment.
2. A formal protest must be filed (postmarked) within thirty-six (36) hours of the incident to the Division Director with a copy to the Vice President.
3. A \$50.00 fee must accompany the protest, made in check form to the Corporation. This protest fee will be refunded to the team if the protest is granted in favor of the protest.
4. The Conduct Committee will investigate the protest, rule on it, and notify, in writing, all parties involved.
5. Appeals must be forwarded in writing to the President within thirty-six (36) hours of the decision made by the Conduct Committee. The Appeals Committee will investigate the merit of the appeal and determine its validity. The Appeals committee will then notify all parties involved.
6. Rule interpretations of game officials are not a proper matter for protest.

I. Scoresheet Procedure:

1. Teams will be provided packets of Scoresheets for each HOME GAME ONLY. These are to be used for League sanctioned events exclusively.
2. The team representative is responsible for ensuring that the Scoresheet is properly filled out and distributed to the required parties.
3. The Home team shall submit the Scoresheet to their organizations designated League Web site administrator via fax within forty eight (48) hours of the game completion. When faxing scoresheets, use only the original (White) sheet. If there is information written on the back of the Scoresheet (I.E. Misconducts), be certain that this information is also faxed.

J. Player Transfers:

1. Teams and Members shall strongly encourage players to register with the team or association whose rink is closest to the player's full-time residence, in an effort to develop and maintain competitive balance.
2. Prior to a transfer of any player, the player must obtain a letter from the President of the association of which a player is currently a member, clearly stating that such player has not outstanding financial obligations to his/her current team or association. All transfers shall be complete by the start of the first League game of a season. A copy of any transfer letter must be sent to the Vice President.

K. Curfew Rule for League Games:

1. The scorekeeper shall inform the referee and the head coach of the visiting team before the start of the game that there is a curfew time for the subject game. It shall be properly recorded on the official League Scoresheet before the commencement of the game.
2. If the home team has properly noticed a curfew game, at the end of the second period, it shall be determined whether there will be enough time to complete the game by the curfew time. This third period shall then be played under a running time with the allocated time remaining.

L. After Game Procedure:

When one exit from the ice surface is used by both teams, or where locker rooms are similarly situated, the visiting team shall proceed first to their locker room upon instructions from their coach. Once the visiting team has entered their locker room, the home team shall proceed directly to their locker room upon instructions from their coach.

M. Bylaws of the Colorado Amateur Hockey Association:

The League is a member of CAHA, and by reference adopts the Code of Ethics, Practice to Game Ratio, Screening Policy, Physical Abuse Policy, Sexual Abuse Policy, Zero Tolerance Policy, Court Action Limitation, and Coaching Ethics Code of CAHA. The Corporation shall be affiliated with CAHA and USA Hockey, to the extent any provision contained in these Bylaws contradict any rule, bylaw, or procedure of CAHA or USA Hockey, the provision of CAHA or USA Hockey shall prevail.

N. Player Rostering:

1. Multiple Rostering

- a. Players shall be prohibited from being rostered on more than one (1) team within the League during any League season.
- b. Conditions under which a player may be permitted to be rostered on more than one (1) team during a League season shall be as follows:
 - i. Players shall be permitted to be rostered on a High School team
 - ii. Goaltenders shall be permitted to be rostered on more than one (1) team within their association for the purpose of ensuring that every team in the association has a backup goaltender.
 - iii. Multiple rostering may occur for the purpose of non-league tournament play only if approved in writing prior to the rostering of the player by the Member association for which the player is regularly rostered.
 - iv. Girl hockey players, according to the USA Hockey rules, which allow girls to be multi-rostered.

2.

Backup Goaltender

- a. It is recommended that all teams have two goaltenders on their official Player (Team) Roster. In the event that a team is unable to roster two regular goaltenders, the use of a “backup” is authorized according to the following rules:
 - i. The backup must be a rostered player of the same association, listed on the official SA Hockey Player (Team) Roster, and must be clearly identified on the roster as the backup goaltender.
 - ii. Use of the backup in any game is limited to only those situations in which the team’s regular goaltender is unable to participate in that game.
 - iii. If a team’s regular rostered goaltender is injured and unable to continue during a game and the backup goaltender is unavailable to complete the game, a period of no more than five (5) minutes shall be allocated by the official to properly dress a replacement to complete the game.
- b. The appropriate Division Director shall have the Authority to investigate the circumstances that require the use of a backup. In the event that the Division Director determines that the backup was used in an effort to gain a competitive advantage, the Division Director shall have the authority to invalidate a game in which the backup was used or suspend the responsible coach. The decision of the Division Director shall be subject to appeal to the Conduct Committee.
- c. In the event that a team’s regular and backup goaltenders are unable to participate in a League Playoff game, the team coach or manager may request permission to use a replacement goalie from within the team’s association until either the regular or backup is able to participate. The permission to allow such must be approved by the Division Director.
- d. The use of any backup who does not meet the rules and guidelines herein shall cause the game in question to be forfeited to the opposing team and shall cause the potential suspension of the head coach by the Division Director.
- e. The backup can be a regular goaltender of an “A” or “B” team in the same age classification. An “AA” team goaltender cannot serve as a backup goaltender of an “A” or “B” team at the same age classification. An “A” team goaltender cannot serve as a backup goaltender of a “B” team at the same age classification. The backup can be a regular goaltender of any team in a lower age classification. The backup cannot be a regular goaltender or any other member of a team in a higher age classification.

O. Player Movement:

1. No player movement, roster additions or deletions will be permitted after December 31 of the current League season except as approved in accordance with paragraph N.2.c above for replacement goaltenders.
2. Any player listed on the roster of an “AA” team shall not be permitted to move to a “A” or “B” team in the same age classification once the player has participated in five (5) League games.

3. Any player listed on the roster of a "A" team shall not be permitted to move to a "B" team in the same age classification once the player has participated in five (5) league games.
4. All player movement from a higher competitive level to a lower competitive level must be approved in advance by the appropriate Division Director. All requests for such movement must be made in writing to the appropriate Division Director from the Member association Commissioner and must clearly state the reason for such request.
5. Participation in any League games involving an unapproved player movement shall result in a game forfeiture for the offending team.
6. Any player rostered on a "A" or "B" team may move to the roster of an "AA" or "A" team within the same age classification before December 31 of the current League Season.

P. Player Injury:

Any player injured so as to require transportation to a medical facility for treatment or evaluation must provide a Doctors letter to the member association stating that the individual is permitted to return to the ice without conditions.

Reporting Game Scores and Administration of Scoresheets

1. Team Managers Responsibilities
 - a. Home team managers will email the game information of all league-scheduled games to their home association Scoresheet Administrator within 24 hours of the game. Information will include:
 - Division/level (ex. PeeWee AA)
 - Game Number
 - Date Played
 - Location
 - Teams
 - Winning team
 - Score
 - Any Game Misconducts

*(** This same information will be emailed to the Division Director in the event of any game misconducts.)*
 - b. Home team manager will mail or deliver the original white copy to the Score Sheet administrator within 24 hours of the game to the location designated by the association.
 - c. Home team manager will send a copy of the score sheet, front and back, to the Division Director if there were any Game Misconducts, and when the game suspensions were served with the referee so indicating on the scoresheet.
 - d. Team managers will check the web site, within a week of each game, to ensure scores and statistics were entered correctly. In the case of an error, team managers will notify the Scoresheet Administrator who recorded the game (the home team's association administrator) by email and will also notify the Division Director.
 - e. Copies of scoresheets will also go to the Division Director in the event of any protests or other problems occurring in the game. Division Directors and Home Team Administrators will be notified of any games rescheduled.
 - f. Do not tune in score sheets for tournaments or scrimmages to the Score Sheet Administrators. Reporting of all game misconducts, protests as well as the serving of suspensions to Division Commissioners is the responsibility of the team managers as Score sheet administrators only have league games.

****Reminders on Accuracy**

Score Sheet Administrators can only post what is recorded on the score sheets. Team Managers should ensure that the score sheets are readable and accurate. If a player has used a different jersey number, please indicate that on the final copy. If goalies are switched in the middle of a

period, indicate the time and start a new shot count for the goalie; otherwise, the period and shots will simply be divided in half. Record times for goals and penalties as it is reflected on the clock. Do not flip the time (i.e. subtract from the total minutes in the period). Bench penalties should not be charged to the player serving it, but to a non-used number on the team. Please indicate, "served by". Be sure infractions are clearly indicated. Be sure periods are recorded for goals and penalties.

2. Association Score Sheet Administrators

- a. Administrators will collect and file all score sheets.
- b. Administrators will enter information into the computer system for games as well as roster additions or changes.
- c. Administrators will ensure that games are played or rescheduled.

3. Process for Reporting Game Misconducts, Protests, Suspension

(for all games played, league, tournament, or scrimmage)

****In addition to the normal reporting process:**

- a. The home team manager will report the game misconduct to the Division Commissioner within 24 hours of the game.
- b. Scoresheets will be faxed to the Division Director within 24 hours of the game played.
- c. Scoresheet, signed by the Referee indicating that the suspension was served will be faxed to the Division Director within 24 hours of the game in which the penalty was served.
