Should players/skaters opt not to use locker rooms they must arrive to the rink partially dressed and at minimum **remain in base layer at all times**. The lobby is not a locker room and restrooms are available for changing clothes. In addition, participants are asked to be respectful of other community members and Ice Den Employees with regards to dressing and leaving gear near walkways and doors. Do not leave bags/gear in high traffic areas and use only designated benches. Players/skaters should not sit on tables and are not permitted to prepare for the ice in the café or restaurant.
