Why Thunderbird?

With so many options available to your player these days when it comes to a hockey camp, this is a question that must be asked.

The answer is in the details.

TRADITION

Thunderbird Hockey Camp is powered by Back Bay Hockey. For 40 years, Back Bay has relied on the strength of our volunteer members to offer youth hockey to our families. Our aim is to strengthen our community each and every season.

STAFF

The staff selected for our Thunderbird camps work collaboratively to deliver on point instruction. Our coaches range from professional level instructors to qualified volunteers holding national USA Hockey certification.

COMMUNITY

This camp will be built with for our players in an environment that is comfortable. While guest campers are more than welcome to join us, we are looking forward to being with our Back Bay family for this week long camp.

COST

\$250 - Current Back Bay Player

\$350 - Guest Camper

THUNDERBIRD HOCKEY CAMP

The thunderbird is said to create thunder by flapping its wings, and lightning by flashing its eyes. A legendary creature in certain North American indigenous peoples' history and culture. It is considered a supernatural being of power and strength.

TIME FOR GROWTH

More games, don't make better hockey players. Real GROWTH happens when players push their comfort zone to understand where their line is. When provided TIME to grow without the pressures of a season, players can hit their SUMMER GROWTH SPURT.
