The CT Selects Philosophy

The primary mission of CT Selects will be to provide quality instruction to our players in the technical and tactical aspects of ice hockey.

The program also includes off ice strength and flexibility training. These off-ice workouts will improve all hockey skills. We want our player's strengths to develop so that they can win the small one-on-one battles that are critical, so we intend to tailor the workouts to each player's maximum ability.

We have been in the hockey/training business for over 20 years. Our main objective is to teach and improve proper hockey playing and skating technique. Each player will learn to master all basic fundamentals in a controlled manner. We also want to push each player outside their comfort zone. Our philosophy is for the players to gain confidence and stronger hockey skills so that they can compete better in game situations. We believe that repetition and speed will enhance skills and proper technique.

- **Play and train intensive HOCKEY, under guided professional supervision of experienced coaches. We limit the amount of players in each session to allow for the best possible working conditions and work to rest ratio.**
- **It is not always going to be easy, but hard work always garners self-improvement and self-satisfaction. We will promote each player to develop a high level of self-motivation. It is CT Selects' philosophy that the children have to want to improve themselves' first.**
- **We encourage a fun and up tempo atmosphere with the continuing thought of absolute intensity during every drill. Our instructors are all experienced and accomplished hockey players who allow a relaxed relationship while pushing the kids to their maximum potential.**
- **At our camps we encourage a team philosophy and teach that it is better to achieve team goals first and foremost. Putting the group's interest above your own and being a team player allows everyone to reach their own personal goals. TOGETHER EVERYONE ACHIEVES MORE (TEAM).**
- **Here at CT Selects we believe that we have created a successful formula to extract and unleash the hidden talent in each player. This demanding camp will set in motion the wheels of development and create a well rounded and more mature player.**

Bill Maniscalco

Bill is currently coaching at Yale University. Prior to Yale, he coached at Avon Old Farms School where he has won four New England Prep School Championships. He also spent a year with Quinnipiac University and ten years as the head coach at Choate Rosemary Hall School in Wallingford, CT, whom he guided to four appearances in the New England Prep School playoffs. Bill got his start at Southern Connecticut State University where he led the Owls to three regular season titles, four League Championships and two ACHA National Tournament appearances. In 1999 he was the recipient of the Vincent J. Reilly Coach of the Year Award. He has also been active in the Hockey Night in Boston Summer Tournament Series as well as in various USA Hockey select camps.

CJ Marottolo

This North Haven, CT native and former Choate Rosemary Hall hockey star is the current Head Coach of Sacred Heart University in Fairfield, CT. Sacred Heart is a Division I program that plays in the Atlantic Hockey Conference. Prior to his new assignment he worked at Yale University for 14 years with the last seven being the Associate Head Coach. While at Yale the Yale teams won two regular season championships, 5 Ivy League titles, one Tournament Championship and qualified for the NCAA Tournament twice. Marottolo was also an assistant at Trinity College for two winters before Yale. He played collegiate hockey at Northeastern University and graduated in 1989. The following two years he served as player/head coach at the Hockey Club de Metz, France. Marottolo also works for USA Hockey as he participates in national and regional developmental camps throughout the summer.
