SCHEDULES

www.metroeastconference.org

This game is being played according to the rules of the Minnesota State High School League. These rules provide for fair competition among players. You are welcome to support your team and to enjoy the skill and competition on display. Remember that education-based athletics are learning experiences for students. Successful plays and difficult mistakes will both be made. The athletes are determined and giving great effort. The coaches and officials are certified, registered, doing their best. **Your ticket to this event is a privilege to observe the contest, not a license to ridicule the players, coaches, and officials. Spectators promote good sportsmanship by supporting great efforts by all involved.** Avoid antics that draw attention to you instead of the game. Please refrain from tasteless comments or chants, vulgar language and disruptive behavior. Persons unwilling or unable to follow these requests will be asked to leave the event. Today is about the student-athletes learning, competing, and having fun. This is their time. This is their place. Please let them play! Persons unwilling or unable to follow these requests will be asked to leave the event.
