

SKY HIGH 2024 *Spring Regional*

Boys Spring Regional Season Is Here!

Sky High Boys Spring Regional is a 2.5 month season, great for players who are multiple sport athletes or want to just start club volleyball. In a spring sport in school, no problem. Sky High allows athletes to participate in school sports while in season.

Practices will be held at our North Shore location in Libertyville. Teams will conduct practices on Tuesdays and Fridays from 5:00 - 7:00pm. All practices sessions will provide quality repetitions, build strong fundamentals and provide great competition.

All tournaments will take place within 90 minutes of our Libertyville facility. To complete your season, your team will compete downtown Chicago at Navy Pier in the Asics two day event. This event plays host to teams from across the country. All athletes will be guaranteed court time at ALL events.

This program is open to all players. If you played for another club during the winter season you must obtain a release from your club to participate with Sky High.
