<b>In-House Program</b>	<p>An In-House Parent attended and discussed with the board the following regarding the In-House Program:</p> <p>Kids are not being evaluated and parents have not seen Phil Huynh at practices. The practices are going well but the attendance for the games are low. Anna Lorenz is a coach for Travel teams as well as In-House so she really can't be present for all the practices/games for In-House.</p> <p>Players are resistant to small area ice. Education is the key to clear up any miscommunication about small area games.</p> <p>Players do not know what team they are playing on and what jerseys they are supposed to wear. Phil said it posted on the website.</p> <p>There are no referees for the games. Phil said there will be referees beginning September 30.</p> <p>Practice times are not convenient. Dave Curtis said there are early morning (6:30 am) slots but the practice times are set.</p> <p>Less ice time and more expensive? Cameron Higley reiterated about the formalization of this program. Phil said he will have a coaches meeting.</p>
