As you can see with the amount of teams and tournaments listed, there is a lot of coordination behind the scenes. Our staff is working on room blocking for the away tournaments

The tournament blocks are held for a few days and then released back to general sale so it's important to book quickly when the information is sent out to secure your accommodations. If there are alternate arrangements you need to make please feel free to do what works best for your family.

# Spring Practice Schedule

High School teams practices will begin in June at the conclusion of your high school season. We might have opportunities between now and then to add on a practice - see SE for updates!

SportsEngine has been updated with Sunday practices for our YOUTH teams. We will be practicing indoors at Bryant through April 2, 2023.

As the weather warms up we will be adding in another mid week practice (Wednesday or Thursday) and when our field permits are approved we will enter them in SE so everyone can plan ahead. We understand the busy season for our families and will get the practice info out to you as soon as we can once our rental contracts get approved by the venues.

## RSVP to events

For each event on the SE Schedule please click in and select Yes, No or Maybe for your attendance. There is also a way to add a note to your reply. Select Y or N and then click the 3 dots and "Add Note" to put any info you want the coach to know. Coaches appreciate RSVPing through the event rather than the chat. Thanks for your cooperation.
