

North Branch Traveling Baseball Coach Selection Process:

- Coaches need to apply each year for a head coaching position.
- Head coaches are assigned for one year.
- The Association will select the best-qualified coach at each age level.
- The head coach will recommend their assistant coaches and the Association will approve.
- In the event that there are two or more applicants for the same coaching position, the association board members or a designated selection committee will review, interview and rank candidates based on the information contained in application process and the interview.
- If a selection committee is used, it will make a recommendation to the board.
- The board will make the ultimate selection of the head coach for each age level.
- Board members or spouses of board members that are being considered for specific coaching position will not participate in the discussion or vote for that position.
- All coaches will be required to complete a background investigation prior to being officially named as a head or assistant coach.
