Kernow Storm F.C Presents West Texas Storm F.C.

Waxahachie, TX- Kernow Storm F.C. is excited to announce an expansion into West Texas, focusing on Lubbock and the surrounding areas. The move out west allows us to bring opportunities to youth players through coaches and a variety of leagues.

We are looking forward to serving the West Texas community and being a critical part in the development of the youth. We will be offering top notch coaching with a professional development curriculum from ages 4-18. These opportunities will allow the kids to excel as soccer players but also excel at being outstanding members of society.

Storm F.C. Club Director Antony Penna shares his thoughts on the future of soccer in Lubbock:

“We are excited to expand our footprint in Lubbock, West Texas. Supporting the soccer community with our coaching, player development programs and our staff. We are excited to raise standards in both player and coach pathways as well as offering playing platforms and player development pathways to the wider Lubbock soccer community.”

West Texas Kernow Storm F.C. coach Mike Punzo shares his thoughts on the game:

“For me, I feel that soccer, the game as a whole, is the number one thing. I strive to teach these boys sportsmanship, teamwork and how to work together (as one). It's about respect on and off the pitch. How we treat others on the pitch is how we should treat each other off the pitch. We don't have surnames on our uniforms because it's not about one player, but all the players. In order to achieve success, then we must work together as one. It takes each and every player to make a team.”

Kernow Storm Futbol Club is a non-profit futbol club founded in 2004 in Dallas, TX with a core value of investing in our youth. Storm F.C. offers opportunities for all ages and skill levels, along with that we offer leagues that are local, regional, as well as national leagues that attract national attention. Along with the top-notch competition and professional coaching we strive to instill our sustainable values within each player, those being character development, social growth, communication skills, leadership skills, team building skills, and risk aversion. We believe these values prepare our youth to be great players as well as outstanding citizens.

We look forward to taking West Texas by “Storm” with great coaches and staff who are dedicated and passionate about the development of our youth. With the backing of a professionally ran and nationally known club West Texas Kernow Storm will serve the Lubbock youth soccer community well for years to come.
