

## PACER FOOTBALL UPDATE – MONDAY AFTERNOON

Pacer Football F.A.M.I.L.Y.,

Hopefully our day off from football activity was helpful for fighting the potential spread of illness. To give you an update, we have two players who have tested positive for COVID and will be quarantined until early next week. We have also had a few players who have been tested and the results came back negative which is a good thing.

Our plan is to return to practice tomorrow (Tuesday, 9/21) after school at our regularly scheduled time. If your son has symptoms of illness, please keep him home and please send me a quick email or text message to let me know what his status is. I appreciate the messages I've received last night and today from parents and players letting me know how they're doing so please keep it up.

If you have other questions or concerns tonight or tomorrow, please let me know.

Run to W.I.N. and Go Pacers!
