COACHES NEEDED

Would you like to make a positive impact which will enhance, not only your child's sporting experience, but the rest of our community's valued youth as well? NEMFA is looking for coaches, trainers and managers for all of our minor programs. Whether a Parent Volunteer or a Coach, each volunteer has a tremendous impact on the experience of each team and player. The success of most programs are a direct result of dedicated, exuberant and positive coaches. Training will be provided by NEMFA through coaching clinics and in-house programs. If interested please send your information and the position your are interested in to Craig at cbaikie@telus.net by Feb 27, 2020
