Dear Neighbor,

Since 1956, Westland Hills has been proudly committed to serving the children within the City of Albany and the surrounding Capital District offering quality baseball and softball programming. We are made up of a dedicated team of volunteer coaches, managers and board members, however, the greater Westland Hills family consists of over 400 families and community members. Each year, we offer a variety of unique programming and training opportunities attracting over 500 players for both our Spring Recreation and year-round Travel programs. With over 35 teams, some practicing through the winter, Westland Hills is a staple name throughout the sports community. In addition to our immediate local family, from snow melt to snow fall, we are regularly visited by opposing teams and their families traveling in from throughout the greater 518 and beyond.

As we enter the 2024 season, we are seeking help in keeping our program thriving. As a not-for-profit organization, we depend on community funding to maintain affordable pricing for our players as well as for facility maintenance, upkeep and improvement. Sponsorship at Westland hills directly helps to keep the dream of Youth Sports alive! We hope you'll consider being part of our 68th season. Whether it be team, sign, facility or alternate sponsorship levels, your generosity is greatly appreciated! Any contributions to Westland Hills can be claimed as an advertising expense or as a donation to a charitable not for-profit organization.

We thank you and hope you will join us to help make 2024 our best year yet!

PLAY BALL!
