

## Locker Room Policy for Eau Claire Youth Hockey

### Introduction

USA Hockey requires that all local programs publish their locker room policies to the parents of all minor participants. The policies should be specific to the facilities they regularly use. The local program's policies shall include the program's (a) practices for supervising and monitoring locker rooms and changing areas; (b) permission or lack of permission for parents to be in the locker rooms; (c) prohibited conduct, including at least all forms of abuse and misconduct prohibited by USA Hockey; and (d) specific policies regarding the use of mobile electronic devices and phones and prohibiting the use of a device's recording capabilities.

### Locker Room Policy

In addition to the development of our hockey players and enjoyment of the sport of hockey, the safety and protection of our participants is central to our goals. The Association adheres to USA Hockey's SafeSport Program as a means to help protect its participants from physical abuse, sexual abuse and other types of misconduct, including emotional abuse, bullying, threats, harassment and hazing. To help prevent abuse or misconduct from occurring in our locker rooms, the Association has adopted the following locker room policy.

At the rink there are a number of locker rooms available for our program's use. Some teams in our program may also occasionally or regularly travel to play games at other arenas, and those locker rooms, rest rooms and shower facilities will vary from location to location.

### Locker Room Monitoring

The Association has predictable and limited use of locker rooms and changing areas. This allows for direct and regular monitoring of locker room areas. Participants are not allowed to enter the locker rooms unless the Coach or a Coach approved monitor is present in the locker room.

Violation of this rule can result in the player losing their privileges and will result in the player having to dress before arriving at the rink. A coach and voluntary locker room monitors will be posted directly inside of the locker rooms and changing areas during periods of use, and leave the doors open only when adequate privacy is still possible, so that only participants (coaches and players), approved team personnel and family members are permitted in the locker room. Team personnel will also secure the locker room appropriately during times when the team is on the ice.

### Parents in Locker Rooms

Except for players at the younger age groups, we discourage parents from entering locker rooms unless it is truly necessary. If a player needs assistance with his or her uniform or gear, if the player is or may be injured, or a player's disability warrants assistance, then we ask that parents let the coach know beforehand that he or she will be helping the player.

### Mixed Gender Teams

Some of our teams consist of both male and female players. It is important that the privacy rights of all of our players are given consideration and appropriate arrangements made. Where possible, the Association will have the male and female players dress/undress in separate locker rooms and then convene in a single locker room before the game or team meeting. Once the game or practice is finished, the players may come to one locker room for a team meeting and then the male and female players proceed to their separate locker rooms to undress and shower, if available. If separate locker rooms are not available, then the players will take turns using the locker room to change. We understand that these arrangements may require that players arrive earlier or leave later to dress but believe that this is the most reasonable way to accommodate and respect all of our players.

### Cell Phones and Other Mobile Recording Devices

Cell phones and other mobile devices with recording capabilities, including voice recording, still cameras and video cameras, are not permitted in the locker rooms. If phones or other mobile devices must be used, they should be outside of the locker room.

### Prohibited Conduct and Reporting

The Association prohibits all types of physical abuse, sexual abuse, emotional abuse, bullying, threats, harassment and hazing, all as described in the USA Hockey SafeSport Handbook.

### Violations

Participants, employees or volunteers may be subject to disciplinary action for violation of these locker room policies or for engaging in any misconduct or abuse or that violates the USA Hockey SafeSport Policies. Reports of any actual or suspected violation will result in the Association being fined \$500 and disciplinary action taken against the coach.
