

December 14, 2020

To our Membership,

On behalf of everyone in the Brampton Minor Lacrosse Association, I would like to thank you for your patience, understanding and support in 2021. We as a sport, membership and a family continued to navigate through the pandemic and get our players back into activity.

Our Brampton Excelsior Academy offered both girls and soft lacrosse try it programs, our box league operated in the outdoor bowl that in itself was unique and then we continued with programs on the turf inside Memorial arena this fall. Our membership hosted two (2) preseason NLL scrimmages that were in support of some great charities a water drive to support the Indigenous community and a toy drive supporting Peel Regional Police in their Toys for Tots initiative. This also allowed some of our Alumni a special opportunity to play lacrosse at the professional level in their home arena where they played their minor or junior lacrosse careers.

The wins during this pandemic have taught us to value family, community and to enjoy this great game. Some of our initiatives have allowed us to give back and not just play a sport but to teach our members life skills and to be better people. Our executive has continued to work tirelessly to find ways to offer programs and give our members an opportunity to keep their sticks in hand, provide a chance to improve mental health and be competitive while having fun in a safe environment.

Stay tuned to our social media posts on Instagram, Facebook, Twitter and our website and see what initiatives are approaching as we look towards a safe and healthy 2022 season with NEW Brampton Excelsior Academy sessions, upcoming box rep tryouts and a revamped recreational program to be included in our programming. We will continue to be open to feedback, suggestions and support from our current and new members as we evolve into the New Year and beyond.

Yours in Lacrosse,

*Chris Lowe*
