13. Adjournment: 8:46 pm

Great meeting last night, lots accomplished!! I spoke to Jason Stensland in detail today and here is the price breakdown:

LAT - Adult Baseball Fine Jersey Tee - 6930 (Vintage Heather/Vintage Plum)

QTY 24 pc at a time \$13.50 (1-color printed logo)

QTY 24 pc at a time \$15.35 (2-color printed logo)

Gildan - DryBlend 50/50 T-Shirt - 8000 (Sport Gray)

QTY 24 pc at a time \$9.15 (1-color printed logo)

QTY 24 pc at a time \$11.00 (2-color printed logo)

If combining exact print designs, colors, locations and reaching 48 pc quantity, we could do \$.90 less each piece.

I've attached the logo discussed last night. We'd have to decide if we wanted it white/purple or black/purple. Here is another logo he suggested that's popular:

<http://www.abstractfonts.com/forum/images/c2743b56e57b2a8697d8490026f25484.jpg>

If we did 24 of each style in the 2-color printed logo it would be about \$600, 1 color about \$505.

He is possibly open to ad space trade off depending on our beginning order size.

Let me know your thoughts!

Jen
